

## Buy Chicks! Raise Money for the Club!

When buying your chicks for the spring you can now buy the chicks and raise money for the club at the same time.

Tom Doherty's Aviculture Exchange has established a wholesale agreement with a large national hatchery. You can order almost any kind of chicken, pay less than you would if ordering from well known hatcheries, and have the profits from the sale go to the club.

Tom has been ordering chicks from this hatchery for years and has found the chicks to be healthy and of high quality. The hatchery is reliable and very easy to do business with.

Here's an example of how it works with bantam chicks. A large, national hatchery sells most bantams at \$3.20 + \$0.34 shipping per chick in lots of 100's. NAS will be offering bantams \$3.00 each with no shipping and handling. That's a savings of \$.054 a chick to you. The wholesaler will charge \$2.02 a chick so there's a \$0.98 chick donation to the club.

You can order exactly the breed and quantity you would like. They can be ordered straight run, males only, or pullets only. Chicks can be shipped directly to your house. As with most hatcheries, there are some minimum requirements. For bantams, this is a 30 chick minimum. There is also a \$1 charge for mixing varieties in a section, and a \$6 charge for shipping less than a four section box. You can combine orders with other members to avoid these additional costs, as long as it is being shipped to one address.

A complete list of birds available and pricing information will be available at the next meeting, or by calling Tom (978-392-1254). It is also be available on the club website (<http://www.nasbirdclub.org>). Here's how it works:

1. Decide what you would like to order from price list.
2. Write a check payable to the Club for the total using the Retail price from the price list. Make sure it includes any additional costs for mixing varieties or not ordering a four section box.
3. Send the order, the check, and the ship to address to Tom.
4. Once the check has cleared, Tom will place the order.
5. If you have any problems, call Tom and he will work them out with the hatchery.

Here is a list of the chickens available for order. Guineas, geese, ducks, and turkeys are also available:
